

Jody's Inventory

Refurbished mainsail

Refurbished Genoa

Batteries need to be replaced except the engine one, new Mastervolt batterie charger

12v outlets all around the boat

The wind generator was working fine for years, it kept the batteries charged. A storm on the island broke off the unit so you might need to replace it

Bow thruster

The life raft is suitable for up to 8 people and obviously needs a new service and certificate.

No tender, no outboard engine

No anchor but there is a decent amount of chain, length wise.

The electric windlass winch works with a remote

Two bilge pumps in the main cabin, work fine with a main switch at the navigator station.

Helm speakers

Extendable cockpit table

Cockpit cushions

Everything works instrument wise. Wind, speed and so on. There is also an autopilot, also works, digitally.

Garmin GPS/Plotter

Raymarine VHF

Radio/stereo inside saloon

Depth sounder

Windmeter

Auto-pilot

Engine Yanmar 4JH3TE – 75HP - 3,882 hours

Galley with new fridge motor

Yacht has been in maintenance for years at Sopromar marina in Lagos Portugal

As well as in the Varadero Aruba boat yard, invoices are present.
